

Join us this summer for

The BARD MATH CIRCLE

Creative and Analytical Math Program

A Week of **Interactive Math Enrichment**,
including Math, Computer Science, and Art

AUGUST 2-6, 2021
Online

Announcing the 8th summer of the Creative and Analytical Math Program (CAMP), an online academic mathematical enrichment program for middle school students who want to explore challenging math in a relaxed setting. Engaging classes and activities are led by experienced educators and undergraduate math majors. The Bard Math Circle emphasizes hands-on math, teamwork, outside-the-box thinking and creative problem solving.

For middle school students currently in grades 5-8

Learn more about the program and apply by
visiting bardmathcircle.org

Affordable. Generous need-based financial aid is available.

We welcome all interested students, encourage those who feel shy to join, and offer scholarships to make attendance possible for students at all economic levels. We value the diversity of our student body, especially with groups traditionally underrepresented in the mathematical sciences.

We gratefully acknowledge the support of the American Mathematical Society's Epsilon Fund for partial support of CAMP.
